STORES PURCHASE DEPARTMENT SUPPLEMENT

NOTIFICATION No. 8

Dated Cawnpore, April 23, 1945

SUBJECT : *Mode of despatch of stores against indents placed with the Department of Supply, Government of India*

IT is notified for the information of all indenting officers in the United Provinces that the Department of Supply, Government of India have decided to exercise their discretion as regards the mode of despatch of stores against indents placed with the Department of Supply.

2. Relevant instructions on the subject, issued by the Department of Supply are produced below and indenting officers are requested to comply with them when placing indents on the Department of Supply.

"In view of the experience gained, it has now been decided that this Department should have complete discretion as regards the mode of despatch of stores against indents placed with the Department. All indent rs should, therefore, be requested to make a specific provision in their indents that they agree to the Purchase Officer adopting the particular mode of despatch wh ch he considers most suitable. There is no objection to the indentors indicating any particular mode of despatch which they prefer and the Purchase Officer will try to adhere to these instructions as far as practicable. But it must be clearly understood that the ultimate decision regarding the mode of despatch rests with the Purchase Officer concerned. Indents which do not delegate such authority to the Purchase Officer will henceforth be liable to refusal by this Department. The decision to refuse an indent on this account will however be taken only by senior Purchase Officer not below the status of a Controller of Purchase.

As the Supply Department are generally in a better position to judge the over-all transport position than consignees or indentors, it has further been decided that direct correspondence between the contractor and the consignee or indentor affecting the terms of contract relating to mode of despatch of stores should not ordinarily be allowed.

The above instructions will not apply to Urgent I, II and III demands. In these cases the indentor will indicate the mode of despatch and this will not be altered without the indentor's consent."

STORES PURCHASE DEPARTMENT SUPPLEMENT

NOTIFICATION No. 18

July 6, 1945

SUBJECT :—*Supply of Electric Lamps and Fans during* 1945

IN continuation of notifications nos. 32 and 43, dated October 14, 1944, and December 22, 1944, respectively, regarding supply of lamps and fans, it is hereby notified for the information of the Indenting Officers that fans and lamps will be allotted only against the consolidated indents of the Heads of the departments and not against the demands of each indenting officer under them. The Heads of departments may determine the urgency of their subordinate offices and distribute accordingly. Indenting Officers are therefore advised to draw their requirement of these articles from the allotment made to their respective departments from time to time. Allotment will be made as soon as a consignment is received at the Government United Provinces Handicrafts. Priority will be given to urgent demands.

2. The Heads of departments are requested to communicate to the Special Manager, Government United Provinces Handicrafts, Lucknow, their despatching instructions, if any, as soon as an allotment is made.

3. As the quota of fans allotted for the whole of the United Provinces by the D. G. M. P., is extremely small against a heavy pending demand, the supplies will have to be very much restricted. The Heads of departments are therefore advised to accept such supplies as may be made from time to time.

4. The supplies of both fans and lamps will entirely depend on the consignments received at the United Provinces Handicrafts during the course of the year 1945, against the bulk indents placed on the D. G. M. P. for the whole of the United Provinces. Deliveries of these articles, will therefore spread over the whole year 1945 and supplies may be expected at any time during the year.

the Government of India will serve or cause to be served on the claimant a notice informing him of the rejection of his claim and the said notice will make a clear statement of the condition or conditions which, in the opinion of the Government of India, have not been fulfilled and thereupon an appeal will lie to a Pensions Appeal Tribunal constituted under these rules (hereinafter referred to as "the Tribunal") on the issue whether the claim was rightly rejected.

(b) Where any claim for pension in respect of the death of any person to whom these rules apply is rejected by the Government of India on the ground that neither of the following conditions is fulfilled, namely,

(i) that the death of that person was due to or hastened by an injury which was attributable to war service, and

(ii) that the death was due to or hastened by the aggravation by war service of an injury which existed before or arose during war service,

the Government of India will serve or cause to be served on the claimant a notice informing him of the rejection of his claim, and the said notice will make a clear statement of the condition or conditions, which in the opinion of the Government of India have not been fulfilled, and thereupon an appeal will lie to the Tribunal on the issue whether the claim was rightly rejected.

(c) Where for the purposes of any such claim as aforesaid, the injury on which the claim is based is accepted by the Government of India as attributable to or aggravated by service in a peace service area, the Government of India will notify the claimant of the decision and thereupon an appeal will lie to the Tribunal on the issue whether the injury was attributable to or aggravated by such service or by war service in a field service area.

2. **Appeals where Award is reduced, withheld, etc.**—(a) Where in the case of any such claim in respect of the disablement or death of any person, the Government of India

(ii) decide that the claimant is ineligible for pension for the reason either that such person was invalided in consequence of malingering or that the disability or death on which the claim is based resulted from an indulgence in drugs or drink, or

(iii) decide that all claim to an award is forfeited by reason of the fact that the disablement was aggravated by such person or that he retarded his cure, or

(iv) decide by reason of such person's unreasonable refusal to undergo medical treatment or operation either (a) that no pension is admissible, or (b) to award a pension appropriate to the lower percentage of disability to which, in the opinion of the Government of India, the disability would have been reduced if such person had not unreasonably refused to undergo medical or operative treatment, or (c) to reduce the award in respect of such disablement as the case may be,

the Government of India will notify or cause to be notified to the claimant such decision and the ground upon whch it is made and thereupon an appeal will lie to the Tribunal on the issue whether the award was rightly withheld or reduced, or whether the claimant is ineligible, or whether the award is forfeited or whether the claimant's refusal to undergo medical treatment or operation was unreasonable, as the case may be.

(b) Where an appeal is brought under these rules on any of the issues specified in rule I and the Government of India notify the appellant before the hearing of the appeal that if the appeal is allowed the Government of India intend, on such of the grounds specified in the last proceding sub-rule as may be appropriate, to reduce or withhold the award or to decide that the claimant is ineligible or the award is forfeited or inadmissible, the Tribunal will, if they allow the appeal, determine the issue specified in the last preceding sub-rule as is appropriate to the intention so expressed by the Government of India in accordance with this sub-rule, and unless the Government of India notify the appellant as aforesaid, the Government of India will not, if the appeal is allowed, withhold or reduce the award or decide that the claimant is ineligible, or the award is forfeited or inadmissible, as the case may be.

(ii) they make a final assessment of the degree or nature of the disablement,—

and the Tribunal on any such appeal may set aside the said decision or assessment on the ground that the circumstances of the case do not permit of such a final settlement or may uphold that decision or assessment or may make any final assessment of the degree or nature of the disablement as they think proper, which may be either higher or lower than the assessment of the Government of India, if any.

Agra and Aligarh Districts. A sum of Rs.49,293 was credited to the Central Revenues on account of this Government's share of expenditure incurred during the year 1943—44 on the co-ordinated scheme for locust control in desert outbreak centres.

2. The area under *kharif* crops in 1351 Fasli was 24,240,021 acres against 24,399,133 acres, under *rabi* crops 20,931,418 acres against 20,511,257 acres and under *zaid* crops 284,259 acres against 288,621 acres in the preceding year. The area cropped more than once was 8,865,147 acres against 8,834,279 acres in the preceding year. The nett cropped area, i.e. the total cultivated area of all the three seasons counting only once the area cropped in more than once, was 36,590,551 acres against 36,364,732 acres. The figures of the preceding year registered a remarkable rise as compared with the normal areas under the different heads for the first thirty years of the century. These increases were the effect of the " Grow-More-Food " campaign, the high prices of agricultural produce and the adequate monsoon. The general position has been, on the whole, maintained in the year under review. The negligible decline under *zaid* crops was due to the delayed harvesting of the *rabi* crops. The

from Rs.10·72 cro[illegible]

grain-rented area decreased by 30,568 acres, there was an increase of about Rs.93,000 in grain rents due to higher prices. The demand under *sayar* showed substantial increase from Rs.43,97,930 to Rs.54,62,453 obviously resulting from high prices of jungle trees and other items of *sayar*. The collection of current demand as recorded in the *siahas* (excluding arrears) was 63 per cent. as against 58 per cent. in the preceding year. As usual the *siahas* remained incomplete in some districts, on account of the apathy of zamindars who did not give full details of their collections to patwaris regularly.

5. The gross demand on account of land revenue amounted to Rs.681·20 lakhs as against Rs.682 lakhs in the preceding year. The decrease was mainly in the Allahabad Division as a result of revision operations and reduction of revenue in respect of lands acquired for aerodromes purposes. Slump remissions decreased from Rs.11·60 lakhs to Rs.0·89 lakhs as a result of revision and settlement operations. The current demand of occupier's rate rose from Rs.250·78 lakhs to Rs.254·98 lakhs. The net recoverable demand of owner's rate also rose slightly from Rs.53,843 to

The grain-rented area decreased by 30,568 acres, there was an increase of about Rs.93,000 in grain rents due to higher prices. The demand under *sayar* showed substantial increase from Rs.43,97,930 to Rs.54,62,453 obviously resulting from high prices of jungle trees and other items of *sayar*. The collection of current demand as recorded in the *siahas* (excluding arrears) was 63 per cent. as against 58 per cent. in the preceding year. As usual the *siahas* remained incomplete in some districts, on account of the apathy of zamindars who did not give full details of their collections to patwaris regularly.

5. The gross demand on account of land revenue amounted to Rs.681·20 lakhs as against Rs.682 lakhs in the preceding year. The decrease was mainly in the Allahabad Division as a result of revision operations and reduction of revenue in respect of lands acquired for aerodromes purposes. Slump remissions decreased from Rs.11·60 lakhs to Rs.0·89 lakhs as a result of revision and settlement operations. The current demand of occupier's rate rose from Rs.250·78 lakhs to Rs.254·98 lakhs. The net recoverable demand of owner's rate also rose slightly from Rs.53,843 to

GOVERNMENT OF THE UNITED PROVINCES

No. 3825/I—533-B-44

REVENUE DEPARTMENT

November 22, 1945

RESOLUTION

REPORT for the year ending September 30, 1944 by the Board of Revenue on Rent and Revenue Litigation, Land Records, Survey and Settlement, the Debt Acts and other matters with which they are concerned, by the Commissioners on Revenue Administration and the Season and Crop Report for the Agricultural year 1943—44 (1351 Fasli).

OBSERVATIONS—The monsoon was normal except for the unseasonal rain in March and April, 1944. Relief in revenue had to be granted mainly on account of the hail-storms and unseasonal heavy rains in the first quarter of 1944. Remissions amounting to Rs.6·66 lakhs and suspensions to Rs.20,000 were sanctioned as against Rs.1·86 lakhs as remissions and Rs.1·04 lakhs as suspension in the preceding year. Rs.27,092 was spent on gratuitous relief and Rs.4,885 was spent on completion of certain relief works in the Agra and Aligarh Districts. A sum of Rs.49,293 was credited to the Central Revenues on account of this Government's share of expenditure incurred during the year 1943—44 on the co-ordinated scheme for locust control in desert outbreak centres.

2. The area under *kharif* crops in 1351 Fasli was 24,240,021 acres against 24,399,133 acres, under *rabi* crops 20,931,418 acres against 20,511,257 acres and under *zaid* crops 284,259 acres against 288,621 acres in the preceding year. The area cropped more than once was 8,865,147 acres against 8,834,279 acres in the preceding year. The nett cropped area, i.e. the total cultivated area of all the three seasons counting only once the area cropped in more than once, was 36,590,551 acres against 36,364,732 acres. The figures of the preceding year registered a remarkable rise as compared with the normal areas under the different heads for the first thirty years of the century. These increases were the effect of the "Grow-More-Food" campaign, the high prices of agricultural produce and the adequate monsoon. The general position has been, on the whole, maintained in the year under review. The negligible decline under *zaid* crops was due to the delayed harvesting of the *rabi* crops. The decline in the *kharif* area was due to the sowing season being unfavourable and the increase in the *rabi* to the fact that enough moisture was left in the soil.

The irrigated area amounted to 31 per cent. of the total cultivated area and rose by 2·1 per cent. as compared with the preceding year. The number of new masonry wells constructed during the year was 12,066 but the net increase, after deducting the number of masonry wells which fell into disuse, amounts only to 3,634.

3. The year opened with high retail prices of principal foodgrains. The arrival of the *kharif* harvest in the market brought about a downward tendency in November and the prospects of a good *rabi* caused a distinct drop in February, 1944. The unseasonal rains and hail-storms in March and the first week of April gave a severe set-back to the crop at the harvesting time and the price of wheat rose in the months of March and April. In May prices of important foodgrains again fell, but began to rise in June.

4. The total rental demand (excluding *sayar*) rose from Rs.16·72 crores to Rs.16·82 crores. Though the grain-rented area decreased by 30,568 acres, there was an increase of about Rs.93,000 in grain rents due to higher prices. The demand under *sayar* showed substantial increase from Rs.43,97,930 to Rs.54,62,453 obviously resulting from high prices of jungle trees and other items of *sayar*. The collection of current demand as recorded in the *siahas* (excluding arrears) was 63 per cent. as against 58 per cent. in the preceding year. As usual the *siahas* remained incomplete in some districts, on account of the apathy of zamindars who did not give full details of their collections to patwaris regularly.

5. The gross demand on account of land revenue amounted to Rs.681·20 lakhs as against Rs.682 lakhs in the preceding year. The decrease was mainly in the Allahabad Division as a result of revision operations and reduction of revenue in respect of lands acquired for aerodromes purposes. Slump remissions decreased from Rs.11·60 lakhs to Rs.0·89 lakhs as a result of revision and settlement operations. The current demand of occupier's rate rose from Rs.250·78 lakhs to Rs.254·98 lakhs. The net recoverable demand of owner's rate also rose slightly from Rs.53,843 to

Rs.54,473 during the year. Total advances of *takavi* under both the Acts (XIX of 1883 and XII of 1884) amounted to Rs.10·3 lakhs as against Rs.10·9 lakhs in the previous year. A sum of Rs.11·63 lakhs fell due for collection during the year, out of which Rs.39 lakhs was actually collected. The malikana demand including arrears was Rs.2·07 lakhs and was collected almost in full. Of the total demand of all kinds amounting to Rs.1,049·07 lakhs, Rs.1,027·03 lakhs or 97·9 per cent. was collected. This is an improvement over collections last year when 96· 87 per cent. of the total demand was collected.

Coercive processes had to be used for the collection of an amount representing 6·8 per cent. of the total demand as against 5·9 per cent. of the total demand for which such processes had to be issued in the previous year. The number of processes issued during the year was, however, 14,421 less than the number issued in the previous year. The number of warrants of arrest decreased from 12,266 to 10,134, of warrants for attachment of movable property from 25,064 to 14,900 and of warrants for attachment of immovable property from 2,659 to 1,589. Only the number of writs of demand rose from 17,088 to 17,742. The number of persons actually detained also rose from 526 to 556. Collection of Government dues continued to be easy mainly on account of the prosperity of the agricultural classes.

6. This is the fourth complete year of the working of the United Provinces Tenancy Act. The total number of suits and applications filed under the United Provinces Tenancy Act during the year increased in the Province from 5·78 lakhs to 7·07 lakhs. In Agra, the increase was from 4·68 to 4·97 lakhs and in Oudh from 1·10 to 2·10 lakhs. Including the balance of 2·22 lakhs pending in the beginning of the year, the total for disposal for the Province as a whole stood at 9·30 lakhs against 7·78 lakhs last year. 5·20 lakhs were decided as against 5·55 lakhs in the preceding year. The number of suits for arrears of rent continued to decrease as in previous years. In Agra the number fell by about 41,000 and in Oudh by about 7,000. Tenants were actually ejected from an area of 26,745 acres for arrears of rent during the year under review as against 40,798 acres last year. This continued decrease in the number of the suits and also in the area from which tenants have been actually ejected for arrears of rent clearly shows (*a*) the improved paying capacity of the tenants due to the rise in agricultural prices and (*b*) the absence of any serious difficulty in the collection of rents by landlord under the provisions of the new United Provinces Tenancy Act. As anticipated in the Government Resolution last year the number of cases disposed of under section 171 (illegal transfer or subletting) decreased from 50,257 in the previous year to 46,610 in the year under review. There was also a decrease in the total number of cases disposed of under section 180 (trespassers) from 102,136 in the preceding year to 88,029. In the matter of ejectment cases, the principal feature of the year under review has been the marked rise from 18,355 to 54,993 in the number of ejectment cases disposed of under section 175 read with sections 178 and 179. This has been chiefly due to the expiry of the period of the first five years since the commencement of the United Provinces Tenancy Act during which the ejectment of sub-tenants in Oudh and of tenants of *sir* in the whole Province was not permissible under the provisions of sections 20 and 295 of the Act. With the expiry of the period of five years the landlords are keen to get possession of their *sir* to take advantage of the existing conditions by either letting it out afresh or by cultivating themselves. The tenants in Oudh are ejecting their sub-tenants to avoid the risk of their own ejectment under section 171.

7. The continued increase in the number of applications filed for the exchange of land for consolidation of the cultivated area and for the record of such exchange is a healthy sign. The number of applications disposed of under section 52 and section 53 was 1,099 covering an area of 1,233 acres as against 823 in the previous year pertaining to an area of 2,607 acres.

Under section 54 of the United Provinces Tenancy Act, 714 applications were filed for acquisition of land as against 644 in the previous year. Inclusive of 227 cases which were pending at the beginning of the year the total number of applications for the acquisition of land stood at 941 out of which 694 cases as against 702 in the previous year were disposed of. Acquisition was allowed in 149 cases in respect of an area of 243 acres of which 196 acres was acquired for gardens and groves and only 47 acres for building purposes.

8. The applications for the execution of decrees showed a considerable decline for the second year in succession. The number filed was 163,727 as against 186,627 in the preceding year and 206,627 in 1941–42. Including 32,337 applications pending at the beginning of the year the total number of applications for disposal was 196,064 of which 87 per cent. were disposed of.

9. The total number of appeals for disposal by Collectors, both under the Tenancy Act and the Land Revenue Act was less than in the previous year. Under the Tenancy Act, the number for disposal fell from 9,430 to 8,124 of which 6,488 were disposed of as against 7,628 in the preceding year. Under the Land Revenue Act, out of 7,486 cases, against 7,561 in the previous year, 6,001 (against 6,043) were disposed of.

The total number of appeals instituted in the courts of the Commissioners under the United Provinces Tenancy Act and the Kumaun Tenancy Rules increased from 16,155 in the preceding year to 18,793. Including the pending balances at the end of last year the total number for disposal was 22,614 as against 19,866 in the preceding year. Under the United Provinces Land Revenue Act the number of appeals for disposal by Commissioners was 2,012 as against 2,214 in the preceding year. Disposals under the Tenancy Act and the Kumaun Tenancy Rules amounted to 15,939 as against 16,060 in the preceding year, and under the United Provinces Land Revenue Act, to 1,496 as against 1,713.

The number of appeals and revisions filed before the Board of Revenue under the United Provinces Tenancy Act and Kumaun Tenancy Rules declined from 5,933 to 5,100. Including the balance pending at the close of the previous year the total number of disposal was 9,903 of which 5,364 were disposed of. Under the United Provinces Land Revenue Act, the number of appeals and revisions for disposal was 1,149 as against 1,024 of which 739 as against 573 in the preceding year were decided.

The appellate and revisional work of the Board under the Debt Acts fell considerably, the number of appeals and revisions for disposal being 688 as against 3,785 in the preceding year. Of these, 466 cases as against 3,657 in the previous year were decided. This appreciable decrease in the number of cases before the Board has been due to the passing of the United Provinces Encumbered Estates (Amendment) Act X of 1942, which empowered the Commissioners to hear appeals under the Encumbered Estates Act.

One hundred and fifty-one Honorary Assistant Collectors and 116 Revenue Officers worked during the year. The Revenue Officers disposed of 2·25 lakhs cases during the year. Amongst the Honorary Assistant Collectors Rai Bahadur Babu Ajudhia Prasad of Bijnor disposed of the largest number of cases. The Commissioners concerned have commended his work and that of Zia Ali (Budaun), Messrs.

Ramji Lal and Jaikaran Singh (Meerut) and Mr. Islam Nabi Khan of (Aligarh). The Governor appreciates the services rendered by the Honorary Assistant Collectors in assisting the district staff in the disposal of the heavy case work under the United Provinces Tenancy Act.

10. Settlement operations were completed in the Mainpuri and Etah Districts, tahsil Thakurdwara of Moradabad, Sadr Tahsil of Farrukhabad and tahsil Mau of Jhansi. The assessment of Garotha, the remaining tahsil of Jhansi District, was also completed and the proposals were received by the Board of Revenue soon after the close of the year.

Survey and Record operations were continued in the Almora Municipality. Summary settlements as well as octennial settlements of alluvial tracts were made where they fell due.

11. The areas permanently and temporarily acquired under the Land Acquisition Act during the year were 1,304 acres and 3,592 acres respectively, and the total area was 4,896 acres as against 4,512 in 1942-43. The compensation paid was Rs.6·18 lakhs as against Rs.8·70 lakhs in the previous year.

The total area of land requisitioned and acquired under the Defence of India Rules was 14,233 acres as against 49,630 acres in the previous year. There was corresponding decrease from Rs.27·63 lakhs to Rs.5·86 lakhs in the compensation paid for such land.

12. (i) *Encumbered Estates Act.*—No applications under section 4(3) or section 20A (1) (i) were filed or restored during the year. Including 6,395 cases pending at the beginning of the year and 371 cases received from the Special Judges during the year, the total number of cases for disposal with the Collectors was 6,766 covering an aggregate decretal amount of Rs.12·78 crores. Eight hundred and one cases, covering a debt of Rs.76·46 lakhs were disposed of by the Collectors either by mutual agreement, or by full or part payment of the dues in cash under section 23, or by sale of the non-landed property under section 24, or by grant of mortgages under section 25 of the Act, and 1,869 cases, involving a debt of Rs.2·61 crores, were disposed of by transfer of proprietary rights in land and by issue of bonds, or by wiping out of debts without any payment under section 31(2), the amount wiped out being Rs.1·56 crores. Thus in all, 2,670 cases (against 4,997 in the previous year) were disposed of by the Collectors during the year under review leaving with them a balance of 4,095 cases (as against 6,352) at the close of the year. The cases dealt with were more complicated than those of the previous year and this explains the decrease in the disposals during the year under review. The Board have, however, given a number of rulings which should resolve the difficulties experienced by Collectors in applying the various provisions contained in Chapter V of the Act and the rules made thereunder. Necessary amendments to rules 15B, 54, 54F, 72, 75A and Appendix I of the Rules framed under the Act were made during the year under review.

The total amount to be recovered from the debtor landlords on account of instalments of principal and interest was Rs. 17,26,865 inclusive of Rs. 44,848 on account of arrears for the previous year. Out of this amount Rs. 17,00,991 (including about Rs. 14,000 as advance collections) was collected leaving a balance of Rs. 40,283 due for the year as uncollected. During the year under review for the first time since the issue of bonds under the Encumbered Estates Act, bonds worth Rs. 11½ lakhs were declared as available for redemption.

(ii) *Usurious Loans Act*—The total number of cases instituted under this Act was 276 against 1,332 in the preceding year and shows a remarkable decrease. Out of 396 cases for disposal, 348 were disposed of and in 195 cases only was the rate of interest reduced. This is a welcome feature if the money-lenders are less inclined to charge usurious rates of interest from agriculturists.

(iii) *Agriculturists' Relief Act*—The number of suits and applications filed during the year decreased to about 20,000 involving a debt of Rs. 105·64 lakhs as against 22,000 involving a debt of Rs. 124·64 lakhs during the previous year. Inclusive of 9,172 pending cases the total number of cases for disposal during the year was 29,655 covering Rs. 177·32 lakhs, of these, 22,081 cases covering Rs. 118·50 lakhs were disposed of. More than half the cases disposed of related to fixation of instalments, redemption of mortgages and suits for accounts of money.

(iv) *Debt Redemption Act*—This is the third complete year of the working of this Act. The number of cases filed under the Act decreased from 16,616 in the previous year to 13,489 against 16,616 covering Rs. 138·05 lakhs. Of these 4,219 or 31 per cent. cases were for amendment of decrease by reduction of interest under section 8, and 5,913 or about 44 per cent. were decrees received from the civil courts for execution against land under section 16 of the Act. Inclusive of 10,320 cases pending from the previous year the total number of cases for disposal was 23,809 involving Rs. 277·16 lakhs out of which 16,146 cases involving Rs. 171·07 lakhs were disposed of. In 166 cases covering Rs. 5·93 lakhs the debts were liquidated by transfer of unprotected land and in 4,562 cases covering Rs. 57·45 lakhs mortgages of protected land were granted. 3,911 cases for redemption of mortgage under section 17 of the Act were disposed of out of which in 1,163 cases involving a debt of Rs. 4·85 lakhs redemption was granted.

(v) *Regulation of Agricultural Credit Act*—This is the third complete year of the working of this Act also. The total number of cases for disposal during the year under report increased to 20,571 (against 18,179) of which 19,769 were disposed of leaving a balance of 802 cases only. Under section 24 alone 19,164 applications were filed praying for permission to make a permanent alienation of protected land. Permission was granted in 16,054 cases and in 2,925 cases the applications were either rejected or otherwise disposed of. Little use was made of saction 4, 6, 14 (*b*) or 22 of the Act.

(vi) *General effect of the Debt Acts*—The high prices of agricultural produce which continued during the year have, undoubtedly, further improved the economic circumstances of the agriculturists, who have not failed to take advantage of the protection afforded by the various Acts in consolidating their position. This is reflected by the use made of the provisions for the redemption of mortgages under the Agricultural Relief Act and the Debt Redemption Act.

13. Work in connection with the consolidation of holdings under section 6 of the United Provinces Consolidation of Holdings Act, 1939, has now been in progress for four years and continued throughout the year under report in the districts of Bijnor, Basti, Ballia, Bahraich and Sitapur. The following statement shows the result so far achieved in the villages taken up for consolidation in these districts :

Year	Number of blocks before consolidation	Number of blocks after consolidation
1940-41	18,019	2,530
1941-42	50,315	6,383
1942-43	63,699	8,965
1943-44	71,775	7,856
Total ..	203,808	25,734

The reduction in the number of blocks from over two lakhs into only about 26 thousand should prove very beneficial to the cultivators concerned.

Towards the end of the year the consolidation of holdings was also taken up in the Allahabad District. Consolidation of holdings work in the estates under the superintendence of the Court of Wards has also been started in the districts of Moradabad, Etawah, Cawnpore, Gonda and Bara Banki.

14. The Governor has much pleasure in recording his appreciation of the services rendered by the Board of Revenue, Commissioners, District Officers and district staff.

ORDERED that a copy of this resolution should be forwarded to the Board of Revenue, United Provinces, for the information of the Board.

ORDERED also that this Resolution should be published in the *United Provinces Gazette*.

By order,
B. N. JHA,
Secretary to Government,
United Provinces.

GOVERNMENT OF THE UNITED PROVINCES

No. 3678/XXII—1425-45

HOME DEPARTMENT (JAILS)

Dated Lucknow, November 24, 1945

RESOLUTION

READ—The Report on the Prison Administration of the United Provinces for the year 1944.

Observations—The average jail population for the quinquennium 1940—44, was 36,337. Throughout 1944 it declined month by month to 32,089 at the end of that year. That the steady decrease was not seasonal is shown by the fact that it continued until June of this year, when the jail population was lower than at any time since the beginning of 1940.

2. The number of convicts in jail averaged rather less than 1 in every 2,000 of the provincial population. A little less than one-third of the total population were habitual convicts. Civil prisoners averaged ten only.

3. Juveniles at the Lucknow Reformatory School and the Juvenile Jail, Bareilly, were found employment in workshops and factories, and earned considerable sums to start them in life after release. Post office savings bank accounts were opened for them to encourage the savings habit. A home has been started for those who have no home to go to after release, and they are encouraged to make use of this, while they continue to serve their apprenticeship which they entered while still under detention. An interesting feature of the rehabilitation of these boys is that they go to work in factories or workshops without escort and have not betrayed the confidence reposed in them. There has been no attempt to escape and reports from districts show that the great majority of boys released have become law-abiding citizens.

4. Despite the difficulties and handicaps in obtaining raw materials and transport through conditions produced by the War, industries were successfully carried on in prisons and resulted in a cash profit of Rs. 5,79,701 which was more than double the highest figure previously recorded.

5. Health was satisfactory in spite of an epidemic of mumps in seven jails.

6. His Excellency wishes to express his appreciation of the success achieved in the jail administration by Lt.-Col. A. H. Shaikh and his officers of all ranks during the year under review.

ORDER—Ordered that a copy of this Resolution be forwarded to the Inspector General of Prisons, United Provinces, for information.

Ordered also that this resolution be published in the *United Provinces Gazette*.

By order,

C. M. KER, *Secretary*.

"The Council considered G. O. no. Monthly Agricultural Report for October, 1945

I—Season

During the first week of the month under review, there was light to heavy rain in almost all the districts. During the second week, however, there were light and sporadic showers in a large number of districts and no rain in others. In the third week, there was light to heavy rain in most of the districts and no rain in some districts. During the fourth week, there were light showers in a number of districts and no rain in others. The total rainfall for the month was in excess of the normal in a large majority of the districts.

II—Agricultural Operations

Kharif crops were being harvested and picking of cotton was being done. Preparation of land for, and sowing of, *Rabi* crops were in progress. The sugarcane crop was irrigated in certain tracts.

III—Standing Crops and IV—Prospects of the harvest

Rainfall during the month was beneficial for the sugarcane crop and for *Rabi* sowings, but had an adverse effect on the cotton crop. As regards late paddy, rainfall during the first week proved beneficial for the crop, but the heavy rain during the third week in the eastern districts somewhat adversely affected the crop in parts of those districts. The prospects of outturn of the sugarcane crop are generally satisfactory; those of the paddy crop, both early as well as late, in unirrigated areas are mediocre, but in irrigated areas are fairly satisfactory, and those of the cotton crop are generally fair except for some areas in the western districts where the crop is reported to be poor.

V—Damage to crops

Stray reports of damage to the standing crops by heavy rain, floods and hail-storm have been received from some districts.

VI—Agricultural Stock

Although reports of cattle diseases were as usual received from a number of districts, the condition of live stock is reported to be generally satisfactory. In Table 1, prepared from data furnished by the Director of Animal Husbandry, United Provinces, are shown the figures for the number of seizures, deaths and mortality from infectious cattle diseases during this and the previous months. It would appear from this table that, as compared with the preceding month, there was an increase in the total number of seizures but a considerable decrease in the total numb r of deaths, resulting in a considerable fall in mortality. In the case of Anthrax, there was a marked increase in the number of seizures and a slight increase in the number of deaths, resulting in a considerable fall in mortality. As regards Haemorhagic Septicaemia, there was a marked decrease both in the number of seizures as well as deaths, but a slight increase in mortality. There was a highly pronounced fall in the number of seizures and deaths from Blackquarter, and a fall in mortality. As for Rinderpest, there was a marked fall both in the number of seizures as well as deaths and a slight fall in mortality. There was highly pronounced rise in the number of seizures from Foot-and-Mouth disease but a fall in the number of deaths, resulting in a fall in mortality. Regarding "Other Diseases", there was a considerable fall in the number of seizures and there were no deaths as against 3 deaths during the preceding month.

TABLE 1—*Number of seizures, deaths and mortality from infectious cattle diseases in September and October*, 1945

VII—Pasturage and Fodder

Pasturage and fodder are reported to be sufficient in all the districts except a few where there was some scarcity.

VIII—Trade and Prices

In Table 2 are given the average retail prices in rupees per maund of important agricultural commodities at the end of this and the preceding months. It would appear from this table that there was a fall in the price of rice but a slight rise in the prices of the other commodities.

TABLE 2—*Average retail prices in rupees per maund of agricultural commodities for September and October*, 1945

Commodities	Retail prices	
	September	October

IX—Health and Labour in Rural Areas

MUNICIPAL DEPARTMENT

December 19, 1945

RESOLUTION

READ—Divisional Reviews on the working of Municipal Boards, the Annual Report of the Director of Public Health, the Annual Report of the Superintending Engineer, Public Health Department, and the Report of the Local Audit Department for the year 1943-44.

Constitution

OBSERVATIONS—The Saharanpur, Aligarh and Shahjahanpur Municipal Boards, became city municipalities as their population increased to over one lakh according to the census of 1941.

The Municipal Boards of Agra, Brindaban, Soron, Moradabad, Hardwar, Ghazipur, Ballia and Mirzapur remained under supersession throughout the year under report, and the Municipal Boards of Mussoorie and Najibabad were superseded for persistent maladministration with effect from April and June, 1943, respectively.

2. The Chairman of Khurja and Pilibhit Municipal Boards were removed by Government in accordance with the provisions of section 87-A(12) of the United Provinces Municipalities Act, 1916, on the passing of motions expressing no-confidence.

3. Three members of the Cawnpore Municipal Board Messrs. Hari Shanker Bagla, Jagat Narain Shukla and Dhani Ram Gupta, and one member of the Benares Municipal Board, Sahu Vishvanath Prasad, were removed by Government owing to their having so abused their position as members as to render their continuance as members detrimental to public interest.

4. There was little improvement in the attendance of the meetings of the Boards and their Sub-Committees.

Two members each of the Fyzabad, Mahashaya Kedar Nath and Babu Thakur Prasad Gupta and Partabgarh, Pandit Radhey Behari Misra and B. Sri Ram Sinha, Municipal Boards did not attend a single meeting of the Board during the year under report. In Azamgarh one elected member Babu Gulab Chand, was conspicuous by his absence from all the meetings of the Board. But in these and other cases of irregular attendance no action was taken by the Boards concerned. The Sikandra Rao Municipal Board was the solitary Board which took action against four absentee members Messrs. Tej Pal, Madan Lal, Hari Mohan Lal and Durga Prasad and these were removed.

5. The Commissioner, Agra Division reports that the attendance of nominated lady members in eight out of eleven boards in his Division was far from satisfactory and one lady member Mrs. Habiba Rasul, failed to attend a single meeting. The attendance of lady members in other municipal boards was also not satisfactory. The District authorities should see that only ladies who are likely to take interest in the affairs of the board are recommended for nomination.

6. Attendance at the meetings of the Sub-Committees was also poor in a large number of boards. The Commissioner, Rohilkhand Division, remarks—"The attendance at committee meetings remained poor as usual. In Chandpur the Education Committee met only once and the Public Health Committee twice during the whole yer and in Tilhar Public Health and Education Committees met only once and the Public Works Committee twice, while in Dhampur and Saheswan there was no sitting of any committee. In Sambhal no committee was in existence."

7. The number of meetings held was in all cases in excess of twelve prescribed by section 86 of the United Provinces Municipalities Act, 1916.

9. The provisional figures of income show a further net increase of Rs.30,43,530 over the figures of the preceding year. The main heads under which the increase accrued are (1) Octroi (Rs.13,76,683), (2) Tax on houses and lands (Rs.1,58,648), (3) Tax on roads and ferries (Rs.1,53,630), (4) Waterrate (Rs.1,87,386), (5) Terminal Toll (Rs.1,73,438), (6) Income from Municipal property apart from taxation (Rs.9,38,776). The increase under the first item was partly due to greater imports due to war and partly to the increase in the Octroi rates. Side by side with an increase in income there was an increase in expenditure of Rs.25,37,044 over provisional figure of last year. While the actual balances show an increase of Rs.16,75,413 over that of last year, the investments of the boards show only a small increase of Rs.77,641. The advice that the boards should increase their invested funds has remained unheeded. It would be desirable for the newly elected boards to make efforts to ensure self-supporting and build up reserve funds.

10. The accounts of all the 86 municipalities were audited by the Auditors of the Examiner, Local Fund Accounts, during the year under report. Among the 45 boards whose accounts were found to be unsatisfactory the Municipal Boards of Cawnpore, Agra, Meerut, Fyzabad, Rae Bareli, Pilibhit, Mau, Kashipur, Muttra and Konch figure prominently.

The audit work at Pilibhit was greatly hampered by bitter party factions. Some necessary records were not available at Cawnpore, Ghazipur, Unao and Jalesar, while at Rae Bareli serious irregularities in the remittance of income and tampering with treasury chalans were noticed. At Meerut discrepancies in financial statements as well as in some important registers were brought to light.

The auditors again complain of the delay in the disposal of audit notes and the perfunctory manner in which the objections are dealt with. Irregularities in the accounting and utilization of Government grants and infringement of the conditions attaching thereto were noticed at Agra, Saharanpur, Roorkee, Hathras, Khurja, Sitapur, Meerut, Muttra and Gorakhpur. Embezzlement of sums varying from Rs.1,000 to Rs.4,000 were brought to light in the Municipal Boards of Agra, Cawnpore, Budaun, Kairana, Bara Banki, Meerut, Benares, and Muttra. This was due to slack supervision, non-observance of rules and the failure to adopt the prescribed safeguards.

Loss in the revenues of no less than eleven boards occurred from evasion of Octroi, Toll and Terminal Tax and leakage of income due to inadequate supervision, undercharge and non-observance of rules. Another main source of revenue, viz. House Tax and Water rates was treated with the same indifference by several municipal boards. Unjustified and illegal exemptions or remissions of dues, acceptance of time-barred objections, continuance of water connections without the minimum water tax being realised and heavy arrears were some of the major defects. The accounts were also not properly maintained. The accounts of income from this source of Konch, Jhansi, Jaunpur, Kheri, Mau, Agra and Lucknow Boards were particularly unsatisfactory.

In spite of repeated warnings given in the past the infringement of rules and disregard of instructions continued with the result that in a number of cases the boards were saddled with irregular and questionable expenditure. Action had to be taken under the Surcharge Rules. At Cawnpore a sum of Rs.654-14 was recovered from Mr. H. M. Sami, acting Chairman of the Municipal Board, on account of irregular retention of bus-service staff and at Kashipur a recovery of Rs.803-13-6 was made from the Chairman and eight members of the Municipal Board on account of irregular cancellation of lighting contract.

The Chairman and members of the new boards would be well advised to pay greater attention to audit instructions and account rules so as to prevent irregular and wasteful expenditure and the loss of public money.

Water Supply and Drainage

11. The number of municipal boards with a piped water supply was the same as in the previous year, namely 23.

The administrative control of the water works at Benares and Allahabad was taken over by the Superintendng Engineer, Public Health Department, under the Defence of India Rules from April 8, and June 12, 1943, respectively. The number of controlled undertakings under the Superintending Engineer, Public Health Department, was thus raised to four, the Lucknow Water Works and the Mussoorie Hydro-Electric undertaking having been taken over in the previous year. The control of the Cawnpore Water Works remained with the Chief Mechanical Engineer, in charge Government Central Workshop, Industries Department, Cawnpore. In the case of controlled Water Works an adequate supply of water was maintained and complaints about shortage of water during summer months were not so numerous as in previous years. In Cawnpore owing to the strict enforcement of measures to prevent waste it was possible to give a twenty-four hours' supply in some of the zones. In Benares, where the Municipal Board had opposed metering even in cases of proved waste, as many as 685 meters were installed since the taking over of the management from the Board. This checked waste of water appreciably. The position of water supply improved at Allahabad also due mainly to the installations of meters. Some progress has also been made at Lucknow though a good deal still remains to be done. Municipal Boards should realize the importance and necessity of enforcing strictly the penalties provided in the Municipalities Act and Bye-laws.

The arrangement whereby Government financed the purchase of spare parts and chemicals, etc. and recovered the cost subsequently from the Municipal Boards continued to work with success during the year under report.

The stock position of coal in most of the waterworks deteriorated during the year under report and at times it was feared that the supply of water might be interrupted. Shortage of Railway Wagons was the chief cause and special arrangements were made by Government with the Chief Mining Engineer, Railway Board, Calcutta to ensure adequate and regular supply of coal to all the water works. Under this arrangement steam coal weighing 5,701 tons was made available. The position in regard to obtaining materials, spare parts and mechanical plant remained as acule as in the previous year. Little progress was consequently possible in completing the construction of new waterworks at Moghal Sarai, Orai, and Etawah and many schemes prepared for the improvement and extension of the existing water supply undertakings had to be kept in abeyance.

Of the Municipal Boards, which were reported last year to have made a profit out of their water works, Jhansi and Dehra Dun ran at a loss during the year under report, while Lucknow, Mussoorie and Haldwani showed an improvement in their finances.

The difficulty in obtaining the services of suitably qualified staff for waterworks was generally experienced and the posts of Assistant Waterworks Superintendent at Lucknow and Muttra and the post of Superintendent at Kosi Kalan could not be filled.

The total number of sewage pumping stations remained at seven. There were difficulties in operating the old and out of date plant at Allahabad and Lucknow. At Cawnpore the Parmat Ghat Sewage Pumping Station is badly over-loaded and the sewer leading to it is generally surcharged. No improvement is, however, possible until new plants are installed. The sewage farm at Muttra has proved very successful financially and the Hardwar Sewage farm which was established not long ago has started paying its way. Dehra Dun is also obtaining a fair return from its farm. Nothing could be done to stop the steady deterioration in the existing underground drainage system in the larger towns particularly at Cawnpore, Agra and Lucknow due to the non-availability of materials and the difficulty in obtaining mechanical plants.

Fire Brigades

12. With the exception of a few trailer pump crews which have been retained at Benares, Lucknow and Cawnpore, the additional fire fighting staff appointed under the provisions of the United Provinces Water Supply and Fire Servers A. R. P. Act, 1941, has been discharged.

Some Municipal Boards which were supplied with trailer pumps in connection with A. R. P. measures retained them for general use.

The fire brigades which were created as a war measure gave a good account of themselves and rendered useful service in extiguishing fires particuarly at Dehra Dun, Hathras and Meerut.

A grant of Rs.39,000 was sanctioned by Government towards the construction of additional static tanks in the towns of Benares, Allahabad, Lucknow, Cawnpore and Agra, to ensure sufficient supply of water for peace time requirements of the fire brigades in these towns.

Tolls on roads and ferries

13. The income from toll on roads and ferries increased by Rs.1,53,630 as compared with the previous year.

Octroi

14. There was no increase in the number of boards levying octroi. There was an increase of Rs.13,76,683 in the income from this source as compared with Rs.6,09,130 in the preceding year.

Terminal tax and tool

15. The Terminal Tax which showed an increase of Rs.1,12,271 in the previous year, showed a slight decrease of Rs.9,441, or in other words the increase in the income as compared with that for 1941-42 was Rs.1,02,830 only. The terminal toll which had recorded a decrease of Rs.16,781 in the previous year showed an increase of Rs.1,73,438.

Roads

16. There was little improvement in the condition of municipal roads. Although the total expenditure on roads increased to Rs.14,73,661 as compared with Rs.10,37,770 in the preceding year, the expenditure was still below the 1941–42 figure of Rs.15,29,588. It is to be deplored that in spite of increased income the municipal boards failed to give due attention to their roads.

Public Health

17. On the whole the health of the province was satisfactory. Plague broke out in Dehra Dun and in spite of vigorous anti-plague measures the disease extended to all the localities. The constant recurrence of plague in Saharanpur is a matter for grave concern. In Chandpur Municipality malaria raged for about eight months. There were 515 deaths from malaria and other fevers in Pilibhit and 323 from malaria in Bisalpur. The outbreak of smallpox was serious in Benares and there were 182 seizures and 97 deaths. Plague also broke out in Benares and showed signs of spreading to various areas.

General

18. The Municipal Boards were in the nith year of their existence, the last elections having been held in 1935. The evils which attend a too long association were amply manifested in the working of the boards. Many members lost sight of the public good and were actuated by self interest or party considerations. The Commissioner, Meerut Division remarks : "The present boards tend to be stale and the members have rather lost touch with their constituents".

In some boards the administration was on the whole satisfactory and the work was carried on harmoniously. Among these may be mentioned the Municipal Boards of Naini Tal, Almora, Azamgarh, Gorakhpur, Roorkee, Kairana, Meerut, Ghaziabad, Bulandshahr, Sikandrabad, Hathras, Jalesar, Etawah and Kanauj. The Governor has noted with satisfaction the Commissioner's commendatory remarks on the work of the Chairmen of the Gorakhpur Azamgarh, Ghaziabad, Hathras, Etawah, Farrukhabad and Kanauj Municipal Boards and wishes to tahank the Chairmen, members and staff of these boards and others for their whole-hearted support and cooperation in war effort.
